

EIGHT PERSONS
DIE IN TORNADO

About Fifty Others Injured at
Shreveport, La.

BAD STORM IN SOUTHWEST

Fierce Gales and Heavy Snow Storms
Prevail in Kansas, Oklahoma, Mis-
souri and Texas—Railway Traffic
Demoralized, Wire Communication
Hampered, Property Damaged and
Cattle Suffering.

Shreveport, La., Feb. 21.—Eight per-
sons are dead and about fifty injured
as the result of a tornado which
swept through the western outskirts
of Shreveport. All the dead are ne-
groes, with the exception of the two-
months-old baby of A. J. Manheim,
whose home was demolished. The
baby's body was found a block from
the Manheim residence.

A number of negro cabins were de-
stroyed in the outskirts of the city
and on nearby plantations.

The tornado approached Shreveport
from the southwest, sweeping a path
through two negro sections and cross-
ing Red river, struck two plantations
where negro cabins, barns and out-
houses were destroyed. In the city
proper no damage was done.

FIERCE STORM IN SOUTHWEST

Heavy Snow and Cold in Texas and
Oklahoma.

Dallas, Tex., Feb. 21.—Ushered by a
wind storm varying at different points
from ninety to seventy miles an hour
the most severe storm of the winter is
sweeping the Southwest. Railroad
traffic is demoralized, wire communica-
tion is hampered and meagre reports
from outlying districts tell of damage
to property and cattle.

In North Texas the temperature fell
from 70 degrees to freezing. In the
Pan Handle the snowfall was reported
to have reached a depth of four inches
with the storm at its height.

At Hobart, Okla., buildings were un-
roofed by the storm and store windows
demolished.

Chickasaw, Lawton and other Okla-
homa towns reported heavy snow. In
Southwest Missouri a blinding snow
fell almost all day.

KANSAS IS STORM SWEEPED

Parts of Oklahoma and Missouri Covered
by Falling Snow.

Kansas City, Feb. 21.—Carried on a
forty-mile wind a heavy snow storm
swept Southern Kansas, Eastern Okla-
homa and Southwestern Missouri. In
Eastern Kansas and Western Missouri
the local weather bureau promises
snow.

In the Western and Central sections
of Kansas the snow is drifting fast
and already is impeding railroad traf-
fic.

In Southeastern Kansas, Pittsburg,
Galena and Cherokee reported eight
inches of snow and other points four
to six inches.

Snow in Illinois and Kentucky.
St. Louis, Feb. 21.—Snow began
falling in Eastern Missouri, Southern
Illinois and Western Kentucky and
reached a depth of from four to six
inches. Trains were from three to
six hours late reaching points in
Southern Illinois. Several points in
Western Kentucky reported heavy
rain, while others reported snow.
Those reporting snow also reported
interrupted railroad traffic.

AFTER FEDERAL EMPLOYES

Civil Service Commission Will Probe
Political Activity.

Chicago, Feb. 21.—Alexander H.
Revell, chairman of the national
Roosevelt committee, said that he had
received a letter from General John
C. Black, president of the federal civil
service commission, that alleged political
activity of government employees
in Kentucky and other Southern states
was being investigated by the com-
mission. Mr. Revell said complaints
were filed by him.

The complaints filed by Mr. Revell
were directed at numerous federal of-
ficials, postmasters and minor employes
in a number of Southern states who
were reported as active in the cam-
paign for the nomination of President
Taft. Complaints were also filed by
Leslie Combs of Lexington, Ky., and
W. J. Perry of Frankfort, Ky.

Denounces Taft's Action.

Washington, Feb. 21.—Senator
Bourne of Oregon, one of the progres-
sive leaders, bitterly denounced the
action of President Taft in withdraw-
ing from the senate the nomination of
North Carolina men to public office.
The withdrawals were made on the
ground, as explained by the adminis-
tration, that factional troubles in the
party in North Carolina made such a
course necessary.

Bryan to Speak in Fargo March 7.

Fargo, N. D., Feb. 21.—W. J. Bryan
will address three meetings of the
Democrats of the Northwest in Fargo
March 7. Mr. Bryan wired his accept-
ance to W. D. McArthur, chairman of
the North Dakota Democratic state
central committee. Delegations are
expected from all over the Northwest.

Will Appear Before House
Committee in Ray Case.

MAY BE WITNESS
IN ARMY SCANDAL

Colonel Roosevelt Will Be Sum-
moned by Committee.

MEMBER TALKS ABOUT CASE

Congressman Diefenderfer Favors Call-
ing Every One Who Has Had Any-
thing to Do With Retention of Major
Ray, Paymaster at Chicago, in the
Regular Army—Committee Also De-
cides to Subpoena Charles P. Taft.

Washington, Feb. 21.—That former
President Roosevelt may be a witness
in the Ray case was one of the possi-
bilities developed in the investigation
which the house committee on ex-
penditures in the war department is
making into the charges which have
been made against Major Beecher B.
Ray, army paymaster at Chicago. The
committee already has decided to sub-
poena Charles P. Taft of Cincinnati, a
brother of President Taft.

"I favor calling Theodore Roosevelt
and every one who has had anything
to do with the retention of Major Ray
in the United States army," declared
Representative Diefenderfer of Penn-
sylvania, a member of the committee.
"We ought to know if Mr. Roosevelt
used the same tactics in this case that
he did in fomenting the Panama revo-
lution. The Ray case has developed
since the committee began to delve
into it, a series of circumstances which
should be probed to the very bottom."

"On the face of this evidence as we
have already before us there is ap-
parently a condition in the army that
calls for thorough investigation. The
committee intends to go to the very
top, whether it be the chief of staff or
the president of the United States."

The subpoena of Charles P. Taft and
the suggestion that Colonel Roosevelt
might be called are sequences of the
charge that Major Ray was active in
politics during the Chicago convention
which nominated Mr. Taft. President
Roosevelt was closing his term when
Major Ray was ordered from the Phil-
ippines to Chicago.

The only subpoena issued was one
for General Tasker H. Bliss at Fort
Totten, N. Y. General Bliss was at
the war department several years ago
when charges were made against
Major Ray.

KANSAS IS FOR ROOSEVELT

Republican State Chairman's Report
to Secretary Hillis.

Washington, Feb. 21.—After a thor-
ough investigation into the political
conditions at the request of Charles
D. Hillis, secretary to President Taft,
J. N. Dolley, chairman of the Kansas
Republican state central committee,
has been forced to advise the presi-
dent that Kansas is for Roosevelt.

Mr. Dolley, in a letter to Mr. Hillis,
asserted that if any Kansas Republi-
can was advising him that Kansas was
for Taft that this man was deliber-
ately deceiving the president, or did not
know what he was talking about. Mr.
Dolley's letter to Mr. Hillis follows:

"It is with deep regret, indeed, that
I advise you that President Taft does
not have the support of any consider-
able part of the Republicans of Kan-
sas. All the information I have gathered
leads me to believe that a very large
majority of the Republican vot-
ers of this state are in favor of The-
odore Roosevelt's nomination."

MISSOURI FOR CHAMP CLARK

Slate Goes Through After Fight in
Democratic Convention.

Joplin, Mo., Feb. 21.—After a fight
on the floor of the convention caused
by an effort of David A. Ball of Bow-
ling Green, a candidate for the gubernatorial nomination, to oppose the
slate agreed on by party leaders the
Democratic state convention elected
eight delegates at large to the Balti-
more convention, each with half a
vote.

Ball's fight to stop what he termed
"gas rule and Cannonism" was un-
successful and the prearranged program
went through.

The delegation was instructed to
vote for Champ Clark, speaker of the
house, for president on every ballot
taken before the Baltimore convention.
Edward F. Coltra, the St. Louis mil-
lionaire, was re-elected national com-
mitteeman by acclamation.

TO COLONIZE THE SOUTH

Representatives of Sixteen States
Choose Baltimore Headquarters.

Baltimore, Feb. 21.—Representatives
of sixteen Southern states, heads of
railroads and steamship lines that
serve that section and men who have
made a study of the agricultural and
industrial problems of the South met
here and formed the Southern Settle-
ment and Development organization.
Baltimore was made the headquarters.
With S. Davies Warfield of this city
as chairman.

It was resolved to establish branch
offices where necessary and to carry
on educational work in the South with
a view to procuring colonization and
settlement.

MANY CONTESTS
ARE PROMISED

Bolts Have Already Occurred
and More In Prospect.

"STEAM ROLLER" IN READINESS

Taft Delegates Will Stand on Their
Claim of Regularity—Senator Crane
Not In Favor of Large Committees.
Convict That Was Afraid of Bankers.
Norris Needs No Eulogy.

By ARTHUR W. DUNN.
Washington, Feb. 21.—[Special.]—
It is observed that bolts occur in the
Republican conventions in the south
and that a bunch of state or district
delegates withdraw from the hall and
send a contesting delegation to the
national convention. It is the same
old story—the officeholding "ins" and
the office seeking "outs."

But mark this: The officeholders
will have the "regularity" when they
go before the national committee. The
Taft delegates will be able to trace
their legality to a chairman and a sec-
retary formally declared regular.
Then the "steam roller" will be put
in operation, and the anti-Taft dele-
gates will be run over and the others
seated.

That was first done in 1896, when
the McKinley delegations were seated.
Mark Hanna originated the "steam
roller." Hitchcock simply adopted the
old Hanna methods and used them
four years ago. The Taft managers
will do the same this year. The game
is well understood. The title to "reg-
ularity" is through the chairman and
secretary. These officials are always
federal officeholders of the clever type.

Not the Crane Way.

W. Murray Crane emerged from the
committee on postoffices and post
roads, of which Jonathan Bourne of
Oregon is chairman. There was a
great deal of talking going on among
other members as they followed Crane
from the committee room.

"What's the committee been doing?"
Crane was asked.

"Oh, nothing," replied the Massachu-
setts senator. "There was a number
of little bills to be considered, and
Jonathan wanted to get all the com-
mittee together." And then after a
pause, "A very unsafe thing to do."

That last remark is the Crane idea.
He wants as small a number as pos-
sible to handle any business.

A Fine Prospect.

Congressman Broussard has a fine
prospect before him. He has just re-
turned from a successful campaign for
the senate, but his term in that body
will not begin until 1915. His con-
stituents want him to continue as a
member of the house until that time,
and he will be chosen without opposi-
tion. He has a year of his present term
to serve, two more years in the house
and then six in the senate. No wonder
he is quite satisfied with the future.

Broussard is one of the house Demo-
crats who would not vote with their
party on many tariff schedules. On
sugar and other Louisiana products he
is as good a protectionist as John Dal-
zell.

No Bank For Him.

When Myron T. Herrick, recently ap-
pointed ambassador to France, was
governor of Ohio he had a pardon case
before him of a man who had been
sentenced to thirty-nine years for mur-
der. Herrick became so interested in
the case that he had the man brought
to him, and they had quite an exten-
sive interview.

"I ain't no crook like the most of
them in there," said the convict. "I
didn't do anything but kill a man.
Most of them in there have done all
kinds of jobs. I have saved \$800 since
I have been in, and I would like to in-
vest it so as I could have something to
live on when I come out."

"Why don't you put it in a bank?"
asked Herrick, who was himself a
banker.

"Not much," replied the convict.
"Why, do you know, more than six-
teen or eighteen of them crooks inside
are bankers?"

Insurgent Defies the Gold.

Congressman Norris of Nebraska has
a rugged constitution and is not afraid
of cold weather. The other morning
when the mercury was hovering near
the lowest point it ever reaches in the
capital he started from the house of
office building to the house chamber
without his overcoat. He was joined
at the door by Congressman McCall of
Massachusetts. Mr. McCall wore a fur
overcoat with an immense collar,
which was turned up about his ears.
Glancing at the thinly clad insurgent,
the old guard Republican said to him:

"Do you mean to tell me that you
are going out into this icy blast with
nothing more around you?"

"Certainly," answered Mr. Norris.

"Why, I like it. This is the way I
preserve my health."

"You go back and put on your over-
coat," insisted Mr. McCall. "Man,
you'll get pneumonia and die, and I as-
sure you that I have no desire to eu-
logize you."

Arbitration and Arms.

"We are asked to vote for these
arbitration treaties," remarked William
Alden Smith, "and we are also asked
to vote large appropriations for arms
and war materials. It is rather dif-
ficult to understand that kind of peace
propaganda."

Fifty Persons Are Drowned.

Calcutta, Feb. 21.—A small steamer
sundered near Rangoon, capital of
Burma. Fifty persons were drowned.

GILBERT N. HAUGEN.

Iowa Congressman Opens
Oleo Tax Fight in House.

OLEO TAX CONTEST
BEGINS IN HOUSE

Congressman Haugen of Iowa
Precipitates Discussion.

Washington, Feb. 21.—The opening
gun in the fight that is to be made
by the Democrats to repeal at this
session the law imposing a tax of
10 cents a pound on oleomargarine
made in similitude of butter and im-
posing other restrictions on the sale
of that product was fired in the house.

Although the house had the chemi-
cal tariff bill under consideration Rep-
resentative Haugen of Iowa, who has
introduced a bill that sets forth the
wishes of the dairymen on this sub-
ject, precipitated a discussion of the
Lever bill, which will soon be report-
ed favorably by the committee on ag-
riculture.

Mr. Haugen pointed out that Rep-
resentative Burleson of Texas, an ad-
vocate of the repeal of the existing
anti-oleomargarine act, had addressed
a letter to the various women's clubs
of the country, attacking the whole-
some of butter and charging that
butter, as well as other dairy products,
was responsible in part for the spread
of tuberculosis and other diseases. On
Mr. Haugen's motion the Burleson let-
ter was printed in the record. Repre-
sentatives Lever and Burleson objects
to the printing of statements of
scientists which tend to show, in the
opinion of Mr. Haugen, that oleomar-
garine is more of a menace to the pub-
lic health than butter.

North Dakota Republican Convention
Meets at Grand Forks.

Grand Forks, N. D., Feb. 21.—With-
out a dissenting voice Roosevelt Rep-
ublicans of the state attending the
convention in Grand Forks nominated
a set of candidates for the national
delegation and for presidential electors
and they also placed in nomination
A. M. Christianson of Towner as candi-
date for national committeeman, add-
ing a new feature to the duties previ-
ously outlined for the gathering.

"Advanced progressive policies origi-
nated by Theodore Roosevelt, and an-
nunciated and championed by men like
La Follette, Hughes, Cummins, Dolli-
ver and others," were endorsed by
the convention.

Under the chairmanship of S. M.
Ferris, who was Roosevelt's ranching
partner and foreman when the former
president was heavily interested in
the cattle business near Medora, N. D.,
the convention adopted resolutions
proclaiming the belief of the delegates
in Rooseveltian policies and the dele-
gates were loud in their praises of
Mr. Roosevelt as a candidate for the
Republican presidential nomination.

MINISTER OSPINA TO STAY

Recall of Colombian Diplomat Will
Not Be Asked.

Washington, Feb. 21.—President
Taft took up the Colombian situation
with his cabinet and later discussed
it with Huntington Wilson, the acting
secretary of state. It is declared au-
thoritatively that the United States
will not contemplate asking for the re-
call of Senor Ospina, the Colombian
minister.

A report was current that a full ex-
planation of the attitude of the United
States in the present controversy had
been cabled to American Minister Du-
bols at Bogota so that he might in-
formally advise Colombia.

INDIAN ACCUSED OF MURDER

Chief Long-gage-shij Charged With
Slaying Wife.

Bemidji, Minn., Feb. 21.—Murder in
the first degree is the charge which
Chief Long-gage-shij, the Cass Lake
Chippewa, faces as a result of the
death of his wife last Thursday night.
A coroner's jury here returned a ver-
dict that the woman had come to her
death by blows administered by the
chief.

The accused Indian insists that his
squaw fell from the sleigh on the way
home and that as she could not get
back in he threw her a blanket and
went on his way "because it was so
cold."

Government Intervenes in Trouble In-
volving 800,000 Miners.

London, Feb. 21.—The government
intervened in the coal dispute, which
threatens to cause a stoppage of work
in the mines throughout the British
Kingdom, involving not less than 800,
000 miners. After the subject had
been discussed at a cabinet meeting
Premier Asquith addressed a letter to
the representatives of the coal opera-
tors and miners requesting them to
meet him and some of his colleagues
at the foreign office on Thursday in
an endeavor to arrange a basis of set-
tlement. He added that the industrial
council had advised such a meeting.

The premier stated that the govern-
ment hopes a means will be found by
direct negotiations between the parties
concerned to avert the disaster of
a national stoppage, but the prospects
that this will be achieved before the
miners' notices of cessation of work
expire on March 1 are so small that
the government felt compelled to in-
tervene.

TOY PISTOL SALE CRIMINAL

Milwaukee Firm Held Responsible for
Boy's Death.

Madison, Wis., Feb. 21.—By a de-
cision in the supreme court in the
case of Pizzo vs. Weimann et al., the
selling of toy pistols constitutes a
criminal act and if injury or death
results from such pistol neither inter-
vening agents nor the victim can be
held to be guilty of contributory ne-
ligence.

On July 10, 1910, an eleven-year-old
son of Ferdinand Pizzo of this city
died of tetanus after the use of a toy
pistol he had bought from the On
Sing company, dealers in Chinese
goods, and which pistol the company
had bought from Weimann & Muech
of Milwaukee, wholesalers. Damages
for \$15,000 were claimed against the
Milwaukee company and the Madison
dealers.

AVIATOR WALKS TEN MILES

Earl Sandt Injured When His Machine
Falls.

Erie, Pa., Feb. 21.—Earl Sandt, a
youthful aviator, the first birdman to
fly over the Great Lakes from the
United States to Canada, came to grief
ten miles out on the lake from North
East, Pa., while attempting a return
flight to the American shore.

While high in the air and twenty
miles east of his course the engine of
his biplane stopped. For a time he
glided toward the ice covered lake, but
suddenly the machine turned turtle
and he was buried unconscious in the
wreckage. How long he remained in
this condition Sandt does not know.
When he recovered he was literally
saturated with blood from many cuts.

Aided by a pocket compass Sandt
walked ten miles to the American
shore.

Opposition to Senator Stephen-
son Appears Growing.

SEVERAL REPORTS AT HAND

Indications Are That a Majority of the
Democratic Senators and Practically
All the Progressive Republicans Will
Demand Unseating Wisconsin Man.
Long and Acrimonious Debate Seems
Certain.

Washington, Feb. 21.—The case of
Senator Isaac Stephenson is likely to
attract as much attention in the next
few weeks as did the Lorimer case
when it was a live subject in the open
senate.

It looked for a time as if the Ste-
phenson case would be allowed to go
by default. A month ago nobody be-
lieved the senate would give any seri-
ous consideration to it, because it was
understood that the charges of "cor-
rupt methods and practices" had not
been proved and there was a general
feeling that the attacks on Senator
Stephenson were inspired by his po-
litical enemies in Wisconsin, who had
failed to produce the evidence to sus-
tain their charges. But it is a serious
question today whether Senator Ste-
phenson can retain his seat.

It looks now as if a majority of the
Democratic senators and certainly all
of the progressive Republicans in the
senate would demand the unseating
of the oldest member of the senate. At
the same time a large number of the
conservative Republicans are dis-
turbed over the disclosures and it is a
question whether they will feel that
they can afford to vote to allow Mr.
Stephenson to retain his seat in the
face of the reports that have been sub-
mitted in the case.

It is absolutely certain that there is
going to be a long and acrimonious
debate. The renewal of interest in the
Stephenson case is due to the char-
acter of the reports submitted.

The majority report briefly recites
that the senator from Wisconsin is en-
titled to his seat and that the charges
of corrupt methods and practices have
not been proved.

Heyburn Raps Stephenson.

If this had been the end of the mat-
ter the senate might have still re-
mained dormant, but the chairman of
the investigating committee, Senator
Heyburn of Idaho, felt impelled to
submit his views as an individual
member of the committee and in it he
condemned the expenditure of a large
sum of money, which Senator Stephe-
nson admittedly spent, and also took a
whack at Senator Stephenson's man-
agers for carrying out of the state
certain documents that might have
been material evidence in the case.

Then two other members of the in-
vestigating committee, Senators Suth-
erland and Pomerene, joined in a re-
port which was even more scathing in
its condemnation of the methods of
Senator Stephenson's managers and
especially as to the corrupt use of money.

Finally, a minority report from the
committee went in, which recommend-
ed that Senator Stephenson be unseated
upon the ground that the evidence
submitted before the investigating
committee of the expenditure of so
large a sum, \$107,000, was prima facie
evidence of corruption and that Sen-
ator Stephenson's managers had not
produced evidence to overcome this
presumption of guilt and that there-
fore he ought to surrender his seat.
This report was signed by Senators
Clapp, Kenyon and Lea.

The friends of Senator Stephenson
realize that the longer the debate is
drawn out the more intense will be-
come the public interest in the case
and the weaker will be the Stephenson
support. When the reports that are
now before the senate become a mat-
ter of daily comment in senate debate
and in the press they are likely to re-
sult in a popular clamor against the
senator from

POST OFFICE HOURS
Washington's Birthday is a Legal
Holiday and But One Complete
Delivery Will be Made

Thursday, February 22d, is a na-
tional holiday and in accordance with
the usual custom the postoffice will
observe Washington's birthday.
There will be one complete delivery
of mail, both business and residence,
in the forenoon, which will be the
only delivery of mail by carrier in
the city during the day. No delivery
will be made by rural carriers.
The general delivery window will
be open until 12 o'clock at which
time it will close for the day. The
postoffice lobby will be open during
the entire day and mail will be dis-
tributed to box sections for the ac-
commodation of box renters as usual.
No money order or postal savings
business will be transacted during
the day. 21

Can We Assist You?

Mrs. Murphy will leave shortly for Chicago, New York and the Eastern Dry
Goods markets where Mrs. Murphy will study the styles and select lots of
pretty things for "The Store of Quality." "It's the Murphy Way"—If there
is anything special you want—anything Different or if we can assist you in
any way let us know for we are at your service.

First and Foremost we want to please you.

It takes a lady to study the styles for the women
It takes a lady to select the pretty things
It takes a lady to see those classy, dainty goods

That's Why:—You always see such pretty things shown at this store.

The Geo. F. Murphy Co.
"The Store of Quality"

"Saving Graces," will be discussed
and the discussion will be led by the
pastor. All are cordially invited to
attend.

Tomorrow evening, Thursday, the
Ladies' Aid society of the First Meth-
odist Episcopal church will serve their
annual Martha Washington supper at
the residence of Mr. and Mrs. Ed.
Peters, 507 North 9th street. The
supper will be served from 5 until 8,
and the price is 25 cents.

Frank Betzold, who was at the
Northern Pacific hospital four months
while being treated for an injury to
his knee, was taken to St. Paul re-
cently and under the care of a spec-
ialist is said to have recovered with-
in two weeks and relatives expect
him home next Monday or Tuesday.

On Thursday evening a Washing-
ton's birthday program will be given
at the Swedish Lutheran church by
the Young Peoples society and the
literary and musical program will in-
clude an address by Rev. C. Houg-
stad, and not by Rev. Hougstad as
stated in Tuesday's Dispatch. The
subject of Rev. Hougstad's speech will
be: "The Standard of True Personal
Worth."

Deerwood people were much put
out because the "Balkan Princess"
canceled its date in Brainerd. Many
of the young mining men had made
arrangements for a special train con-
sisting of an engine and a coach and
had a theatre party planned to at-
tend the show and see the renowned
Miss Louise Gunning, who was christ-
ened the "daughter of the Shriners"
at Duluth this week.

The "Sveas Sjukhjalp Forening"
entertainment will be given at Wal-
ker hall this evening and an interest-
ing program of literary and musical
numbers has been provided, with ad-
dresses by Rev. E. Carlson, pastor of
the Swedish Lutheran church and
Rev. Karl A. Lundin, pastor of the
Swedish Baptist church. Many tick-
ets have been sold and the commit-
tees expect it to be a most successful
entertainment.

The demonstration of the Hiwa-
tha and Blue Bird goods of the Stone,
Ordean Wells Co., of Duluth, has at-
tracted many interested people to the
store of J. F. Dykeman Sons & Co., at
221 South Sixth street. Theo.
Free, of Duluth, is showing and ex-
plaining the merits of the coffee,
pears, peaches, pineapples, cherries,
pumpkins, tomatoes, beans, and other
things which the firm handles.

The windows of the store have been
handsomely decorated. Coffee and
cakes are served and one has an op-
portunity to taste all the dainties
displayed. The demonstration contin-
ues today and tomorrow. Miss
Dykeman, a niece of J. F. Dykeman,
is assisting in the serving.

The Crochet club met yesterday
at the home of the secretary
on Juniper street, the afternoon prov-
ing a most profitable one. Owing to
the intense interest which has been
evinced in the organization of this
club, a committee on membership was
appointed to consider the names of
several who have already expressed
a desire to join a club, whose ulti-
mate purpose is to elevate the mind.
The subject assigned for the after-
noon, "The Influence of Modern Lit-
erature on Sociological Problems,"
proved the means of bringing forth
expressions from those whose ability
is latent in the larger club gather-
ings. The latest works of Jane Ad-
ams and Jacob Riis and their com-
parative merits called for no end of
discussion and it is doubtful if the
subject chosen for the next meeting
"Modern Standards of Manners and
Morals" will promote so vital an in-
terest. Judging from the close ap-
plication to the elementary work of
the Irish crochet there will be more
than one new spring suit embellished
with cuffs and collar of this effective
work. The next meeting will be held
next Tuesday afternoon at the home
of the vice-president on Ivy street.

STIMSON AGAINST REFUND.

Secretary Decides American Ships
Should Pay Canal Tolls.

Secretary of War Stimson has reach-
ed the conclusion that it will be un-
necessary and unwise as a matter of
policy for the United States to refund
tolls to be paid by American vessels
passing through the Panama canal.
The secretary reserves, with this con-
clusion, his strong conviction that the
United States has both legal and moral
rights, despite the Hay-Pauncefote
treaty, to remit to American vessels
the amount of tolls paid either in
whole or in part.

Both President Taft and Secretary
Stimson have repeatedly asserted the
right of the government to refund
tolls paid by American ships, and it
has been the general impression that
the administration would insist on the
exercise of this right. The definite
announcement of Mr. Stimson's views
materially alters the situation.

How Cold Affects the Kidneys

Avoid taking cold if your kidneys
are sensitive. Cold congests the kid-
neys, throws too much work upon
them, and weakens their action. Ser-

disease may result. Strengthen your
kidneys, get rid of the pain and sore-
ness, build them up by the timely use
of Foley Kidney Pills. Tonic in ac-

tack of la grippe, which ran into
bronchitis. She coughed as though
she had consumption and could not
sleep at night. The first bottle of

nently cured." For sale by all

TO MEET AT SAUK RAPIDS FEB. 27

Central Minnesota Baseball League Will Complete its Organization on That Date

EIGHT TOWNS IN THE LEAGUE

Brainerd is Urged to Belong to Association and to Send a Delegate to the Meeting

A meeting of the Central Minnesota Baseball association will be held at Sauk Rapids on Tuesday, February 27 and the officers are anxious to have Brainerd send a delegate to the conference and also to have this city take steps to become a member of the league.

W. Leigh Cary, of St. Cloud, the secretary of the organization, has definite assurances that Staples, Little Falls, Royalton, Sauk Rapids, Foley, Melrose and St. Cloud will attend the meeting. One more club is needed to fill the schedule.

When the meeting was called at Sauk Rapids to sound the sentiment about joining the league, 35 fans were present and the general opinion was that it was the proper thing to do.

In speaking about the proposed association, Mr. Gallagher of Melrose, said the idea of a strictly home team in his town would work a hardship upon the Great Northern city and might result in the failure of that city to enter the association. He expects his city will be represented at the Sauk Rapids final meeting on February 27, when this matter will be more fully discussed.

At that time Melrose will present its case to the board of directors, in whose hands the matter of securing outside men is placed. If a satisfactory arrangement in this regard can be made, Melrose expects to become a factor in the Central Minnesota Baseball association pennant race.

Ben J. Adams, who is engaged in the Julius Adams branch factory in Staples, said the indications are that Staples will be a good baseball town this summer. The league or association idea appealed to the fans. They are strong for it and the nine will surely be a factor in the race for first honors if their team materializes. Work has been commenced to secure funds for starting the team on its season's work and unless a lack of interest in baseball is shown while such work is in progress, Staples will be a member of the association. That city will be represented at the Sauk Rapids meeting on February 27.

Brainerd is urgently asked to have a delegate present at the conference and it is hoped local baseball men will discuss the matter and send a delegate to Sauk Rapids February 27.

GRINDING MUCH FEED

The Echo Dairy Co. is Busy Grinding Corn and Other Feed of the Farmers

Situated in a small brick building on the alley in the rear of the Davis building on Front street is the feed-mill recently installed by the Echo Dairy Co. Mr. Kelly manages this and it is being accepted quite a patronage by the farmers. Some days as many as a dozen teams are drawn up awaiting their turn to have their corn ground up.

An electric motor furnishes the power and the mill has a capacity of grinding a ton an hour. On one occasion, says Mr. Kelly, a farmer brought in some feed which was not well cleaned and mixed with the corn was a big rock which the grinder struck and \$24 damages was caused before the machine could be stopped. These pleasant little incidents happen occasionally and when they do the air is perfectly blue with electricity in that neighborhood.

ROOSEVELT IS A PROGRESSIVE

Special to Dispatch:—

Columbus, Ohio, Feb. 12.—Theodore Roosevelt enunciated what will be construed as his presidential platform here today in an address to the Ohio constitutional convention. Early in his remarks he aligned himself squarely with the progressives and he took direct issue with President Taft's declaration in his recent New York speech that all American people are not fitted for popular government. The colonel championed initiative and referendum and recall subject to certain restrictions.

HEROIC ENGINEER ELUDES BANDITS

Special to Dispatch:—

Cedar Rapids, Iowa, February 21—Engineer David Mansfield was shot through the arm as he ran his Chicago & Northwestern fast mail through a rain of bullets fired by five masked robbers at Bertram near here early today and saved his passengers from the bandits. The plucky engineer will recover.

CHARITY CONCERT

Presented by Mrs. W. A. M. Johnstone Under the Auspices of the Children's Hour

Not the least valuable of the work carried on by our visiting nurse, Miss Bohlke, is that of discovering cases of disease before they become hopeless, and also of teaching how to prevent their spreading to other members of the family or community. Through Miss Bohlke's interest in the needs of one of our families which the husband had deserted, she discovered tuberculosis present in very early stages in the mother. In order that the treatment be efficacious Miss Bohlke stated that it was necessary for her that she be not over-worked and that she be well nourished. The ladies of the W. C. T. U., the ladies of the Episcopal Guild and the Young People of the Children's Hour have all been assisting Miss Bohlke in carrying for this family, and now in order to continue to assist and help another very needy case and in other good work Mrs. Johnstone has very kindly come to our aid and will present a concert a week from this evening, Wednesday, Feb. 28th, at the library hall, given by some of our best local talent. Tickets will be 25 cents and for children 15 cents. All interested in our civic welfare are urged to give their patronage.

Card of Thanks

We desire to express our heartfelt thanks to the kind friends and neighbors who so generously extended aid and sympathy and to the teachers of the Lowell school for floral offerings, during our recent sad bereavement.

TAX LIST MUST BE RE-PUBLISHED

Opinion of Attorney General Smith Says Journal Press Made Mistake in Caption of

THE DELINQUENT TAX LIST

Auditor Smart to Issue Order Rectifying the Mistake and Requesting Re-Publishing

In answer to a request from County Attorney W. A. Fleming, the attorney general, Lyndon A. Smith, has ruled on the recent publishing of the delinquent tax list by the Journal Press and in a written opinion has stated that the Journal Press made a mistake in the printing of the caption and has ordered the re-publishing of the entire list with the error corrected.

Auditor Smart has been directed to issue an order rectifying the mistake and ordering the re-publishing.

A SUGGESTION

Mr. Editor:—

Inasmuch as it seemed impossible for our city council to agree on a site for a city hall, and while they have enough votes on the council to buy the site suggested at the corner of 5th and Laurel streets, they could never get the eight votes necessary to pass a resolution calling an election to vote bonds to build a hall, and if they did call one I very much doubt if the people would vote the bonds for that location.

Now why not let the people decide on a location in the following manner: First, let all the councilmen agree to abide by the result of the vote, then let each alderman choose some location and have ballots printed with each location thereon. Then have the people vote on them at the election when they vote for the bridge bonds.

Yours
C. H. PAINE.

NORTHERN PACIFIC EARNINGS

Report Filed With the State Shows a Decrease of \$200,000 in Gross Earnings

A decrease in the gross earnings of the Northern Pacific railroad of over \$200,000 is shown for 1911 by the report filed with the state tax commission. The 1911 earnings were \$14,208,833.69; the tax was \$568,353.35. In 1910 the earnings were \$14,433,330.89 and the tax was \$577,333.24.

The Northern Express Co. reported gross earnings for 1911 of \$202,740.90; paid railroads \$101,370.45; taxable balance \$101,370.45; tax \$6,082.23.

ASSISTED IN CEREMONY

The Late George Forsyth Was Master of the Second Veil at Minneapolis Ceremonies

In speaking of the distinguished rank held by the deceased George Forsyth in Masonry the Minneapolis Morning Tribune mentions also that he was master of the second veil at the conferring of the Royal Arch degree on January 7 last by the past grand high priests of the state, the first time this work has been done in the history of this country. The work was put on under the auspices of Ark chapter, No. 53, Royal Arch Masons, at their hall in Minneapolis.

25 SQUARES OF HOMES BURNED

Special to Dispatch:—

Houston, Texas, February 21—At least twenty-five squares in the residence section were destroyed by fire here and thousands are homeless. The weather is cool, but there is little suffering. A conservative estimate places the loss at \$5,000,000. Most of this amount was involved in the destruction of several factory buildings.

AN ANCIENT TOMAHAWK

Chippewa War Relic 200 Years Old Found at Whitefish Lake Shown by R. D. King

Occupying a prominent place in the windows of the R. D. King store in the Iron Exchange building is a Hudson Bay tomahawk used by a Chippewa Indian 200 years ago. The war trophy was found last fall when the water of Whitefish lake had subsided at the narrows and revealed a strip of land never uncovered before. Mr. King has fully established the identity of the tomahawk, having magazine articles and old histories to show that this was the kind of a tomahawk the trading company made when it penetrated as far south as Minnesota during its early trading operations.

The company always attached as long a handle to the weapon as the Indian trade would stand and the hatchets were sold by stacking the tomahawk alongside a pile of beaver skins. When the skins reached the height of the handle the weapon was traded to the Indian. These tomahawks cost the Hudson Bay company about 30 cents a piece wholesale and the furs they received in return were worth about \$200. Anytime the company considered it was not getting enough for its tomahawks they simply lengthened the handle and thus got a few extra beaver skins.

There is also on display in the window a flint lock from an old Hudson Bay rifle, found very near the tomahawk in the mud of Whitefish lake at the narrows.

An old Kentucky rifle, the first model when gun manufacturers changed from the flint lock to the percussion style, made in 1815, is also shown and near it, in great contrast, is a 1912 model automatic Winchester shot gun. The old flint-lock had a reputation of shooting 3 out of 10 times when one pressed the trigger and sometimes the rear end of the gun was more dangerous than the front, resembling in this respect the Missouri army mule which has an established record for heavy kicking when kicking is considered necessary in the mind of the quadruped.

At the Empress

Crowds attended the Empress show last night and the feature picture tense with gripping emotion, entitled "Regeneration" was certainly all that advance notices credited it with being. Mary Manning stars in the production of these pictures. It is a story which shows the innermost feelings and is a study of psychology. The program includes two comedies and an Indian drama and the usual song features.

MARSHALL FIELD & COMPANY

ADAMS QUINCY FRANKLIN and FIFTH AVE.

Customers' Waiting Room

Chicago, February 19th, 1912.

To Our Patrons,
Brainerd, Minn.,
Kind Friends:—

This has been a busy day, as I am determined that every new thing at all adapted to our community shall be secured. To do this, one must do much shopping. A little is found here, a little there and when one thinks of the various lines represented in our store, it is easy to appreciate that the task requires time and energy.

Much of the effort of the day has been put upon the wash fabrics. It will be a decided "woven" goods year. By that I mean, goods of the gingham family:—tissues and the like. These make the most serviceable dresses to say nothing of their beauty. A big lot of these pretty things will soon be taking their way towards Brainerd for our patrons to approve—and I am sure they will.

In order that I might vary the day's work I spent more time with the garments. Many were the new garments I saw and these very latest ideas of the best designers will soon be seen in our store.

There is a very recent development in the garment business, which I have looked for and the possibility of which has been much debated by the manufacturers: each day is showing that women are going to wear more plain tailored suits than they have for at least the last two seasons:—not the fancy suit, but the plain tailored suits which, after all, is the most consistent suit made. I am planning now that you shall have the pleasure of selecting yours early in March.

I told you in a recent letter, that I would soon announce the new departments soon to be opened in out store, and it is my pleasure to announce one now. I have purchased the fixtures and the stock and engaged a capable trimmer for our new millinery department. Our patrons have often asked us why we have not added a millinery department, and we will now give you the privilege, which we know you will appreciate, of purchasing millinery of the class we shall offer to you at our most reasonable prices. We are just as anxious to open up the new stock as we know you are to see it, and as a result, we expect to have our opening at an early date.

I intended to speak of another department but I must leave that for another letter as this one is as long as it should be.

Most sincerely,

J. H. Michael

THE PERFECT WAY

Scores of Brainerd Citizens Have
Learned It

If you suffer from backache,
There is only one way to cure it.
The perfect way is to cure the kid-
neys.

A bad back means sick kidneys.
Neglect it, urinary troubles follow.
Doan's Kidney Pills are made for
kidneys only.

Are endorsed by Brainerd people.
Mrs. H. Lanslow, 409 Ninth St.,
Brainerd, Minn., says: "We have
used Doan's Kidney Pills in our fam-
ily and have found them very effec-
tive in relieving pain and lameness
across the loins and trouble with the
kidney secretions. In 1908 a mem-
ber of my family procured a supply
of Doan's Kidney Pills and was re-
lieved of an attack of lumbago that
had resisted other remedies. We
publicly endorsed Doan's Kidney
Pills at that time and are now will-
ing to confirm our former state-
ment."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,

STOMACH TROUBLE GOES

No Indigestion, Gas, Sourness, Heart-
burn or Dyspepsia Five Minutes

After Taking Diapepsin

There would not be a case of indig-
estion here if readers who are sub-
ject to stomach trouble knew the tre-
mendous anti-ferment and digestive
virtue contained in Diapepsin. This
harmless preparation will digest a
heavy meal without the slightest fuss
or discomfort, and relieve the sour-
est acid stomach in five minutes, be-
sides overcoming all foul, nauseous
odors from the breath.

Ask your pharmacist to show you
the formula, plainly printed on each
50-cent case of Pape's Diapepsin.
then you will readily understand why
this promptly cures indigestion and
removes such symptoms as heartburn,
a feeling like a lump of lead in the
stomach, belching of gas and eructa-
tions of undigested food, water brash,
nausea, headache, biliousness and
many other bad symptoms; and, be-
sides, you will not need laxatives to
keep your stomach, liver and intes-
tines clean and fresh.

If your stomach is sour and full of
gas, or your food doesn't digest, and
your meals don't seem to fit, why not
get a 50-cent case from your drug-
gist and make life worth living? Ab-
solute relief from stomach misery and
perfect indigestion of anything you
eat is sure to follow five minutes af-
ter, and, besides, one 50-cent case is
sufficient to cure a whole family of
such trouble.

Surely, a harmless, inexpensive
preparation like Pape's Diapepsin,
which will always, either at day-
time or during night, relieve your
stomach misery and digest your
meals, is about as handy and valu-
able a thing as you could have in
the house.

A Warning Against Wet Feet

Wet and chilled feet usually affect
the mucous membrane of the nose,
throat and lungs, and la grippe,
bronchitis or pneumonia may result.
Watch carefully, particularly the
children, and for the racking stub-
born coughs give Foley's Honey and
Tar Compound. It soothes the in-
flamed membranes, and heals the
cough quickly. Take no substitute.

NO CAUSE TO DOUBT.

A Statement of Facts Backed by a
Strong Guarantee.

We guarantee immediate and posi-
tive relief to all sufferers from consti-
pation. In every case where our rem-
edy fails to do this we will return the
money paid us for it. That's a frank
statement of facts, and we want you to
substantiate them at our risk.

Reflux Disorders are eaten just like
candy, are particularly prompt and
agreeable in action, may be taken at
any time, day or night; do not cause
diarrhoea, nausea, griping, excessive
looseness, or other undesirable effects.
They have a very mild but positive
action upon the organs with which
they come in contact, apparently act-
ing as a regulative tonic upon the re-
laxed muscular coat of the bowel, thus
overcoming weakness, and aiding to
restore the bowels to more vigorous
and healthy activity.

Reflux Disorders are unsurpassable
and ideal for the use of children, old
folks and delicate persons. We cannot
too highly recommend them to all
sufferers from any form of constipa-
tion and its attendant evils. That's
why we back our faith in them with
our promise of money back if they do
not give entire satisfaction. Three
sizes: 12 tablets 10 cents, 36 tablets 25
cents and 80 tablets 50 cents. Remem-

Weyler says that chloroform is the
most painless method. He would have
the condemned person privately drugged
in a cell, with none of the specta-

The committee was impressed with
the warden's suggestion. He is unan-
imously opposed to executions taking
place in the state prison because of the
effect upon the prisoners.

BIBLE READ IN 18 HOURS.

Sixty Readers In Relays Go From Cover
to Cover Without a Halt.

The Bible from the first chapter of
Genesis to the last word of Revelation
was read aloud in one of the leading
churches of Peas, Tex., without a halt
in eighteen hours.

The entertainment began at 6 o'clock
in the morning and was finished at
midnight. Sixty readers read in turn
each giving place to another as his or
her voice became husky.

The reading began with a small au-
dience, for the hour was early, but as
the day wore on interest in the novel
entertainment was stimulated, and by
noon the church was filled.

Throughout the afternoon and even-
ing the congregation grew, and at mid-
night, when the last reader pronounced
the final words, "The grace of our Lord
Jesus Christ be with you all, amen,"
there was not a hush of vacant room
in the aisles around the altar.

Deafness Cannot be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the Eus-
tachian Tube. When this tube is in-
flamed you have a rumbling sound or im-
perfect hearing, and when it is entire-
ly closed, Deafness is the result, and un-
less the inflammation can be taken out
of this tube restored to its normal con-
dition, hearing will be destroyed forever;
nine cases out of ten are caused by
Catarrh, which is nothing but an in-
flamed condition of the mucous sur-
faces.

We will give One Hundred Dollars for
any case of Deafness (caused by cat-
arrh) that cannot be cured by Hall's
Catarrh Cure, sent by circulars, free.
